Vertical Catification Solution: The Original Cat's Trapeze

Fri, 2015-03-06 09:47 — Robin Olson

The Cat's Trapeze offers kittens and active cats the perfect place to play and rest. The unique suspended design is attractive to active cats, challenging them to climb and play while drawing their attention away from curtains and furniture. The large soft cushions also provide a cozy place for a catnap.

The Cat's Trapeze is made of sturdy cotton fabric and comes without the inner pillows. The trapeze can be stuffed with throw pillows, or for a more eco-friendly approach, use old towels, recycled clothes or crumpled newspapers placed inside a pillowcase. Inner pillows made especially for filling the trapeze can be purchased separately at catstrapeze.us. ^[1]

Used with Permission

The Cat's Trapeze includes a bonus cotton hammock that attaches under the bottom pillow, creating an extra napping spot. The trapeze also comes with a small piece of sisal rope that is used to bind the trapeze straps together and attach to mounting hardware. (*Mounting hardware not included.*) More info about how to hang the Cat's Trapeze is [HERE](#). ^[2]

The Cat's Trapeze is available in two styles: the 2-pillow trapeze and the 3-pillow trapeze. The 2-pillow trapeze measures approximately 3.5 feet, not including the hammock. The larger bottom cushion measures approximately 24 inches in diameter and the upper cushion measures approximately 20 inches. The 3-pillow trapeze measures approximately 4.5 feet, not including the hammock, with the two bottom cushions each measuring approximately 24 inches in diameter and the upper cushion measuring approximately 20 inches.

Used with Permission

The Cat's Trapeze and hammock can be machine washed at 104° F (40° C) after removing the inner pillows or stuffing. We recommend air drying and warm iron as needed. The trapeze cover will shrink slightly after washing. **Do not machine dry, this will cause the trapeze cover to shrink considerably. (CICH: Because it's made of COTTON not some petro-chemical man-made fabric)**

If you'd like to add a well-crafted, unique vertical solution to your certification project you can Place Your Pre-Sale Order [HERE](#) ^[3] and make sure to use the DISCOUNT CODE: COVERED10 to Save \$10! (Offer Expires at 11:59pm MST on March 15, 2015.)
